**PreveCeutical Announces Oversubscribed Non-Brokered Private Placement**

FOR IMMEDIATE RELEASE . . . Vancouver, British Columbia: PreveCeutical Medical Inc. (the “Company” or “PreveCeutical”) (CSE: PREV, OTCQB: PRVCF, FSE: 18H) announces that based on subscriptions received to date, the Company expects that its \$4,000,000 non-brokered private placement (the "Offering") of units at \$0.05 (post-forward stock split) announced on April 9, 2018 will be oversubscribed due to higher than expected investor interest. The Company now expects that the Offering will be increased to up to \$8,000,000 in gross subscription proceeds.

The proceeds of the Offering are intended to be used to fund the Company’s research and development programs and for general working capital purposes.

This news release does not constitute an offer to sell or a solicitation of an offer to buy the securities described herein in the United States, or in any jurisdiction in which such an offer or sale would be unlawful. The securities described herein have not been and will not be registered under the United States *Securities Act of 1933*, as amended (the “1933 Act”) or any United States state securities laws, and may not be offered or sold in the United States or to the account or benefit of a “U.S. person” (as defined in Regulation S under the 1933 Act) or a person in the United States absent registration or an applicable exemption from the registration requirements.

***About PreveCeutical***

PreveCeutical Medical Inc. is a health sciences company that develops innovative preventive therapies utilizing organic and nature identical products.

PreveCeutical aims to be a leader in preventive health sciences and currently has five research and development programs, including: dual gene therapy for curative and prevention therapies for diabetes and obesity; a Sol-gel platform for nose to brain delivery of medical compounds including cannabinoids; Nature Identical™ peptides for treatment of various ailments; non-addictive analgesic peptides as a replacement to highly addictive analgesics such as morphine, fentanyl and oxycodone; and a therapeutic product for treating athletes who suffer from concussions (mild traumatic brain injury).

PreveCeutical sells CELLB9®, an Immune System Booster. CELLB9 is an oral solution containing polarized and potentiated essential minerals extracted from a novel peptide obtained from Caribbean Blue Scorpion venom.

***Forward-Looking Statements***

This news release contains forward-looking statements and forward-looking information (collectively, “forward-looking statements”) within the meaning of applicable Canadian and U.S. securities legislation, including the United States *Private Securities Litigation Reform Act of 1995*. All statements in this news release that are not purely historical are forward-looking statements and include any statements regarding beliefs, plans and expectations regarding the future, including, the closing and the amount of the Offering, the use of proceeds from the Offering, and anticipated business plans and timing of future business activities of the Company. Often, but not always, forward-looking statements can be identified by words such as “pro forma”, “plans”, “expects”, “may”, “should”, “budget”, “schedules”, “estimates”, “forecasts”, “intends”, “anticipates”, “believes”, “potential” or variations of such words including negative variations thereof and phrases that refer to certain actions, events or results that may, could, would, might or will occur or be taken or achieved. Actual results could differ from those projected in any forward-looking statements due to numerous factors including risks and uncertainties relating to investor interest in the Offering and the ability of the Company to, among other things, obtain any required governmental, regulatory or stock exchange approvals, permits, consents or authorizations required, including CSE acceptance of the Offering and any planned future activities, complete its research programs as planned, and obtain the financing required to carry out its planned future activities. Other factors such as general economic, market or business conditions or changes in laws, regulations and policies affecting the biotechnology or pharmaceutical industry, may also adversely affect the future results or performance of the Company. Although the Company believes that the statements, beliefs, plans, expectations, and intentions contained in this news release are reasonable, there can be no assurance that those statements, beliefs, plans, expectations, or intentions will prove to be accurate. Readers should consider all of the information set forth herein and should also refer to other periodic reports provided by the Company from time-to-time. These reports and the Company’s Canadian continuous disclosure filings are available at [www.sedar.com](http://www.sedar.com).

Readers are cautioned not to put undue reliance on forward-looking statements. These forward-looking statements are made as of the date of this news release and, unless required by applicable law, the Company assumes no obligation to update the forward-looking statements or to update the reasons why actual results could differ from those projected in these forward-looking statements.
